Director of Security SUBJECT: Revision of DCID 1/14 re Off-Duty Activities	MEMORANDUM FOR:	Chairman, SECOM
1. This memorandum is in response to referenced request to comment on the proposed new paragraph 11 of DCID 1/14 which provides security policy guidance concerning off-duty activities of persons holding or being considered for SCI access when those activities might conflict with security obligations. The following comments are offered: Paragraph 1 The last sentence should be changed to read, "For those with access, reporting will be in writing to their cognizant security officer prior to (vice 'immediately following') initiation of employment or activities of potential concern." Part of the rationale for such reporting includes the opportunity for the Security Officer to make a security judgment prior to the individual's involvement in the activity. Paragraph 3 The responsibility to submit documents for prepublication review should be more forcefully highlighted in the revision since those individuals with SCI access are required to sign such an agreement. It is recommended that the above suggestions be	FROM:	Director of Security
